Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nest, Inc. as of December 31, 2016, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United State of America.

**Notes to Financial Statements
December 31, 2016**

Note 1 - Nature of Business

Nest, Inc. (the “Organization”) identifies and collaborates with responsible artisan businesses through the provision of customized capacity building programs to enable each enterprise to become profitable and have a significant positive social impact. The Organization has searched globally to identify a network of existing artisanal workshops that have strong leadership, are scalable, and can transform their communities in one of three ways: alleviate poverty, empower women, and promote peace. Through their participatory model, the Organization works with the artisans to provide the services they need to both preserve and enhance artistic traditions and increase their ability to meet the capacity and quality demands of the exporting marketplace.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents include cash on hand and demand deposits and certain investments with maturities of three months or less when purchased. The Organization had no cash equivalents at December 31, 2016.

Receivables

Accounts receivable are recorded at cost. Grants receivable approximate fair value. On a periodic basis, the Organization evaluates its receivables to determine if any portion is uncollectible. Based on historical experience, management deems no allowance for doubtful accounts to be necessary as of December 31, 2016.

Revenue

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Fixed Assets

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets. The principle rates for computing depreciation by major asset categories are as follows:

<u>Description</u>	<u>Asset Life (Years)</u>
Computers	7 – 10
Office equipment	3 – 5

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Classification of Net Assets

Unrestricted net assets represent the Organization's net assets that are available for its general operations.

Temporary restricted net assets have donor imposed restrictions that permit the Organization to use up or expend the donated assets as specified and the restriction is satisfied either by the passage of time or by actions of the Organization.

Permanently restricted net assets have donor imposed restrictions that neither expire by passage of time nor can be fulfilled by actions of the Organization. There are no permanently restricted assets.

Functional Expenses

Expenses are charged directly to program, fundraising, or management and general based on specific identification.

Inventory

Inventory consists mainly of artisan pashminas and necklaces. Inventory is valued using the first-in, first-out method at the lower of cost or market.

Income Tax Status

Nest, Inc. is a not-for-profit organization that is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes is reflected in these financial statements.

The Organization accounts for uncertainty in income taxes using a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold is met. Management determined there were no tax uncertainties that met the recognition threshold in 2016. The Organization's exemption from federal income tax returns are no longer subject to examination by federal taxing authorities for years before 2013.
