Jabots for Justice

Jabots for Justice JABOTS FOR JUSTICE

These beautiful replicas of Justice Ruth Bader Ginsburg's iconic collars are ethically handcrafted by female artisans in Guatemala, through [La Casa Cotzal](#), a partner of [Nest](#), a nonprofit that works with artisans and makers to build a world of greater gender equity and economic inclusion. The stunning beadwork makes for a fitting tribute to the Notorious RBG, and the jabot comes in its own little pouch so you can travel with it and find yourself in fascinating conversations with people around the world. Price: \$40, which is a tax-deductible donation to Nest.
